

2026 Facilities Maintenance Class - Tiny Home Project

Learn to build a tiny home through hands-on learning

TERO is partnering with SCC again to offer Facilities Maintenance classes. Join instructor, Taylor Davis, for this comprehensive course including safety, construction math, reading & understanding blueprints and building plans, electricity, plumbing, drywall, carpentry, and certifications in forklift, OSHA-10 & flagger, presented in a hands-on atmosphere. Students will earn a certificate upon completion of the coursework from SCC. The goal for this class is to complete a model tiny home.

Classes will be held at TERO's training center

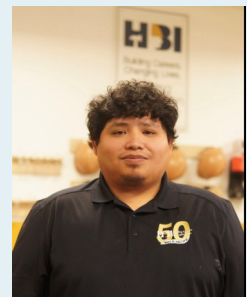

Classes begin on Monday January 5, 2026 at 5:00 PM. Students will complete paperwork and review the syllabus on the first night. Classes will be held from 5PM to 8PM on Monday, Wednesday and Thursday of each week and every other Saturday from 8:00AM to 4:00 PM. This schedule allows students to continue working their regular jobs while learning and developing skills in the various trades.

149 Children's Home Loop (old CBC Print Shop behind the GLW Complex). Call 828/359-6365 for more information or email gerrgrad@ebci-nsn.gov.

Also, contact Latresa Shuler at SCC at 828-339-4425 or ldowns@southwesterncc.edu

Taylor Davis of Yellowhill community is the instructor for this program.. He earned an A.A. from SCC, and an A.A.S. in Industrial Systems from HCC, along with a carpentry certificate, certificates in OSHA, flagger, forklift operator, and electrical systems technology from HCC, among other training. He taught the 2024 facilities class and is currently an instructor at OJCC.
